

GET NOTICED, HIRED
AND PAID WHAT YOU'RE WORTH

Market Domination for Game Changers 4-Month Group Coaching Program

Greetings Game Changer!

This is the beginning of our 4-month journey together and I am so excited about helping you take your business to the next level and win like a game changer.

Over the next 4 months, I will provide you with coaching, resources and assignments that will help you:

- **Magnetize Your Message** and begin to attract clients who are happy to pay you what you are worth.
- **Power Up Your Marketing** and leverage the same strategies that have helped my clients and I build multi-million dollar businesses.
- **Monetize Your Brilliance** and get the ROI you have been waiting for.
- **Automate Your Business** and implement systems to save you time and help you make money while you sleep.

We will meet twice a month via webinar to go over the assignment you will be given to help you focus on a specific area of your business. When you receive the assignment, please:

1. Set aside time to complete the assignment prior to our next strategy call.
2. Post any questions you may have in our Private FB Group. Be sure to post your question to the group and not just be so others will be inclined to also offer their ideas and support.
3. Join us on the group strategy call and be prepared to post your questions and ask for feedback. This is your opportunity to get support from your peers and me. If you miss the call, you can listen to the replay within 48 hours after the call.
